Objectives 2020-2021

At Foxborough Primary School we are committed to providing all of our pupils with a balanced and broad curriculum, ensuring they reach their full potential and progress in all areas. We have high aspirations and ambitions for all children as we believe that all children have special and unique talents to be nurtured. In line with our core values – being **principled**, being **resourceful**, being **purposeful** – we believe strongly that there should be no barriers to learning and that all children have the potential to succeed and achieve their goals.

The key objectives in using the Pupil Premium Grant at Foxborough Primary School are to narrow the achievement gap between those in receipt of Pupil Premium and others and to provide an enriching and stimulating curriculum to expand pupils' cultural and social development.

As a significant amount of additional funding is allocated to the school, we are determined to ensure that it has maximum impact. We have high aspirations for all the children in our school community and believe that all children should be given the opportunity to reach their full potential. We seek, as a school community, to provide personalised learning opportunities and targeted support to allow every child to flourish. Careful analysis of internal and external pupil-level data, historical attainment and progress rates, as well as qualitative data is undertaken to ensure that these funds are used to maximum effect.

We invest heavily in ensuring that provision is personalised and pertinent to the needs of the pupils we serve in terms of supporting pupils' social and emotional wellbeing to enable them to access the opportunities at school to develop academically and thrive.

We seek to provide a curriculum enriched with opportunities from internal events to external trips to support and extend learning- which build pupils' cultural capital and understanding of the rich artistic, cultural, spiritual and social heritage of the UK and its various communities in both the core and foundation subjects.
