Monday 22nd June 2026

Dear Parents and Carers,

Following careful consideration of the latest weather forecasts and warnings, we have taken the decision to close the school on Wednesday and Thursday due to the red weather warning that has been issued.

The safety and wellbeing of our pupils and staff must always come first. Given the severity of the forecast temperatures and the fact that we do not have air conditioning available across the school site, I believe this is the most responsible course of action. This decision has not been taken lightly, and I appreciate the inconvenience that it may cause to families.

At present, the Met Office warning for tomorrow remains at amber level. Based on the information currently available, we intend to keep the school open tomorrow as the measures we have put in place are appropriate and sufficient to manage the conditions safely. These include additional hydration breaks, use of shaded areas, adaptations to PE and outdoor activities, and adjustments to the school day where necessary. We will continue to monitor the situation closely and will communicate any changes as soon as possible.

During the school closure, pupils will be provided with remote learning activities. Teachers will be preparing a programme of learning. Details of the work and links to resources will be shared with families tomorrow afternoon.

We recognise that school closures can be challenging for families, and we appreciate your understanding and support. Our priority is to ensure that pupils and staff remain safe during this period of exceptionally hot weather.

Thank you for your continued support.

Kind regards,

Jessica Theisinger
Headteacher
